

Whether it's a marquee wedding in your own garden at home, a secluded countryside location, or with the stunning backdrop of a venue that's really special to you, you choose the setting and we will guide you through every stage of the planning process. Our hire services are bespoke and we know that can make it a little difficult at first glance to understand what your marquee wedding could cost. To help with this, we offer three seasonal packages, each is based on 80 guests to provide a guide but we can host much larger or smaller numbers, depending on location and availability. Please do [get in touch](#) for a bespoke quote. All prices are inclusive of VAT, transport, installation and removal and apply to weddings taking place in 2023.
